PARENT / GUARDIAN STUDENT SAFETY, MEDICAL CONSENT AND RISK ACKNOWLEDGEMENT

This declaration supplements the Application / Registration Form. It records health information, emergency-treatment consent and awareness of ordinary school risks while preserving the School's duty to take reasonable care.

Student's full name _____ Form applied for _____

Parent / guardian name _____ Relationship _____

- 1. Health information and updates.** I confirm that the health, allergy, medication, disability and emergency-contact information supplied to the School is complete and accurate. I will promptly notify the School in writing of any change and provide any action plan, medication instructions or medical documents reasonably requested for my child.
- 2. Ordinary school activities and risks.** I understand that normal attendance and participation in lessons, physical education, sport, laboratories, play and movement around school grounds involve ordinary risks, including slips, falls, collisions and accidental contact. The School will take reasonable care, provide supervision appropriate to the learner's age and activity, maintain grounds and equipment in a reasonably safe condition, and respond to reported hazards. I understand that an accident may still occur despite reasonable precautions.
- 3. First aid and emergency treatment.** I authorise trained School personnel to provide reasonable first aid. If I or the emergency contact cannot be reached promptly and delay may endanger my child, I authorise the School to arrange ambulance transport and urgent medical assessment or treatment on the advice of an appropriately qualified health professional. The School will make reasonable efforts to contact me as soon as practicable. I accept responsibility for reasonable treatment and transport charges not covered by medical aid or insurance.
- 4. Limited acknowledgement of risk.** To the fullest extent permitted by Botswana law, I accept the ordinary and inherent risks that remain after the School has taken reasonable precautions, and I agree that the School is not responsible merely because such an inherent risk results in injury. Nothing in this declaration excludes or restricts any liability that cannot lawfully be excluded, including liability arising from negligence, gross negligence, reckless or wilful misconduct, breach of statutory duty, an unlawful act, or a known unsafe condition that was not reasonably addressed.
- 5. Conduct and cooperation.** I will encourage my child to follow lawful safety instructions, School rules and activity-specific precautions. I understand that failure to follow instructions may increase risk, but it does not remove the School's obligation to take reasonable care.
- 6. Separate consent where required.** I understand that this declaration does not replace separate consent required for an off-site trip, overnight activity, transport arrangement, unusually hazardous activity, medical procedure, photography or any other matter for which the School requests specific consent.
- 7. Incident communication.** I authorise the School to record and investigate safety incidents and to share relevant information with medical responders, insurers, regulators or authorities where reasonably necessary or legally required. The School will handle personal information in accordance with applicable law and its policies.

Parent / guardian confirmation

I confirm that I have read and understood this declaration, had an opportunity to ask questions, and understand that it records informed consent and risk awareness. It does not excuse unlawful conduct or a failure to take reasonable care.
